

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

FIFTH BI-ENNIAL REPORT
OF THE
RAILROAD COMMISSIONER.

STATE OF WISCONSIN,
Office of the Railroad Commissioner,
MADISON WIS., Dec. 12th, 1892.

HON. GEORGE W. PECK,
Governor of Wisconsin,

SIR—As required by statute, I submit herewith for your information, the fifth biennial report of the railroad commissioner:

It covers the administration of the affairs of this department since January 8th, 1890, with tabulated reports of the railroad companies of the state for the years ending June 30th, 1891 and 1892, showing the cost of each road in the state; the capital stock, funded and unfunded debt and the total gross receipts resulting from operation.

The reports of the railway companies are forwarded to this department upon forms almost identical with forms submitted by the railway companies of the country, to the Inter-state Commerce Commission. These reports cannot be given in full, because of chapter 526, laws of Wisconsin of 1889, which provides that "two hundred copies of the report, for distribution and exchange, shall be bound in cloth, and eight hundred in paper, at a cost not exceeding *twenty-five cents* per copy." This amount is inadequate for the publication of full and complete reports, hence they must appear largely in tabulated form.

Nearly all of the railroad companies of the different

General Report.

states use the forms adopted and issued by the Inter-state Commerce Commission, and which are published *in full*.

As uniformity of reports, by the different states, is desirable, I would suggest action, by the next legislature, which will enable this department to publish a full and complete report of the status and transactions of the railways within the state.

MILEAGE.

Reports of mileage are made to June 30th, inclusive, in each year, and I have made the mileage tables to that date rather than to December 31st, as had been done by my predecessors. The mileage within Wisconsin on June 30th, 1892, was 5,785.07, an increase from December 31st, 1890, of 309.63 miles.

Roads and mileage not heretofore reported are as follows:

Chippewa River and Menominee Ry. Co.....	22.00 miles.
Milwaukee, Bay View & Chicago R. R. Co.....	12.00 "
Oshkosh Transportation Co.	4.10 "
Kickapoo Valley & Northern Ry. Co.....	34.00 "
West Range R. R. Co.....	7.00 "
Wisconsin & Chippewa Ry. Co.....	5.00 "
Kewaunee, Green Bay & Western.....	32.91 "
Port Edwards, Centralia & Northern.....	30.00 "
Total	147.01 miles.

Increased mileage is shown by the reports of the following roads:

Milwaukee, Lake Shore & Western.....	35.77 miles.
Wisconsin Central R. R. Co.....	63.74 "
Wisconsin Central Co.....	34.29 "
Minneapolis, St. Paul & Sault Ste Marie.....	4.57 "
Northern Pacific.....	4.19 "
Goodyear, Neillsville & Northern.	5.00 "
Spurs and Re-surveys.....	15.06 "
Making total increase.....	309.63 miles.

The Duluth, South Shore and Atlantic Ry. Co., with former trackage rights over the Northern Pacific from Iron

General Report.

River to West Superior, has recently (Dec. 4th) completed an extension between the points named, and now has its own track from St. Ignace and Sault Ste. Marie, Mich., into West Superior, Wis. The increased mileage in Wisconsin by this extension is 53.7 miles, and is shown upon the railroad map of Wisconsin, to be published simultaneously with this report.

SECOND, OR DOUBLE TRACK.

The work of building and laying double, or second track, by the Chicago & Northwestern Ry. Co., between Chicago and Milwaukee, is well advanced, and will be finished by May 1st next. The Chicago, Milwaukee & St. Paul Ry. have double track completed upon its line between Milwaukee and Chicago, from Milwaukee as far as Western Union Junction, and from Chicago as far as Rondout, making 50 miles in all. The grading is practically completed from Rondout to Wadsworth, and it is expected that the second track will be completed and ready for traffic by May 1st next. Upon the completion of these double tracks, it is expected that the time between the two cities will be reduced to two hours.

STOCK AND DEBT.

On June 30th, 1892, the stock (inter-state roads proportional upon mileage basis) in Wisconsin was:

Common stock.....	\$80,787,403 76
Preferred stock.....	32,400,433 75
Total of capital stock.....	\$113,187,843 51
Bonded or funded debt.....	150,769,694 39
Total of capital stock and bonded debt.....	\$263,957,537 90
Current liabilities.....	5,512,784 41
Total of stock and debt.....	\$269,470,322 31
Cash and available cash assets.....	5,240,058 41
Total debt, June 30th, 1892.....	\$264,230,263 90
Debt per mile.....	\$45,675 72

General Report.

COST OF ROAD.

The total cost of Wisconsin railroads as reported

June 30th, 1892, was	\$229,398,172 63
June 30th, 1890, was	230,052,218 57
Increase since last report	\$9,345,954 06
Cost per mile, June 30th, 1892	\$39,483 03

Detailed report of cost of the different roads will be found under appropriate head.

EARNINGS AND EXPENSES.

The earnings and expenses of the different roads are given in their proper places, in tabulated form, but I give herewith a recapitulation:

Passenger earnings.....	\$8,334,496 25
Freight earnings.....	23,211,529 83
Other earnings	186,024 54
Total of earnings.....	\$31,732,050 62

RECAPITULATION OF EXPENSES.

Maintenance of ways and structures.....	\$4,285,496 58
Maintenance of equipment	3,189,722 55
Conducting transportation	10,665,265 96
General expenses.....	1,942,130 88
Total of expenses.....	\$30,082,615 97
Per centage of expense to earnings	63.288
Total net earnings	\$11,649,434 65

LICENSE FEES OR TAXES.

I append herewith table of amount of license received from railway and sleeping car companies during the years 1890, 1891 and 1892:

	1890.	1891.	1892.
Railway Companies.....	\$1,008,559 04	\$1,140,046 64	\$1,220,674 88
Sleeping Car Companies	1,365 67	894 32	1,214 96
Totals.	\$1,009,924 71	\$1,140,940 96	\$1,221,889 84

General Report.

The amount received in 1892, from the railways of the state, is a tax of \$211.00 per mile.

The Chicago, Milwaukee & St. Paul Co. are now running their own sleeping cars, and reference to the proper table of earnings will show that that company received, during 1892, for the use of sleeping and parlor cars in Wisconsin, \$53,654.62, divided as follows:

Sleeping cars	\$47,114 74
Parlor cars	6,539 88

Upon which they pay a tax of 4 per cent., or

Tax upon sleeping car earnings	\$1,884 59
Tax upon parlor car earnings	261 59
	<hr/>
	\$2,146 18

For the information of the reader I give herewith extracts from the laws, governing the license fee or taxation of railroad and sleeping car companies within Wisconsin:

TAXATION OF RAILROAD COMPANIES.

SECTION 1211. Every railroad company, and every person operating a railroad in this state, except railroads operated by horse power, shall, on or before the tenth day of February in each year, make and return to the state treasurer, in such form and upon such blanks as shall be furnished by him a true statement of the gross earnings of their respective roads for the preceding calendar year, of the number of miles of road operated by each such company or person, and the gross earnings per mile per annum during such year, which statement shall be verified by the oath of the secretary and treasurer of such companies, or of the person so operating such railroad.

9 Wis., 431; 11 Wis., 35; 15 Wis., 554; 16 Wis., 1.

SECTION 1212. Each such railroad company and each person so operating any railroad shall, on returning such statement, apply for a license to operate the railroad mentioned in such statement and shall pay the license fee therefor provided in the next section; and thereupon shall receive from the state treasurer a license to operate such railroad for the calendar year commencing on the first day of January preceding, and terminating on the next succeeding thirty-first day of December, unless sooner revoked.

General Report.

SECTION 1213. The annual license fees for the operation of such railroads shall be as follows:

1. Four per centum of the gross earnings of all railroads except those operated on pile and pontoon, or pontoon bridges, whose gross earnings equal or exceed three thousand dollars per mile per annum of operated railroad.

2. Five dollars per mile of operated railroad of all railroads whose gross earnings exceed one thousand five hundred dollars per mile per annum, and are less than three thousand dollars per mile per annum of operated road, and in addition two per centum of their gross earnings in excess of fifteen hundred dollars per mile per annum.

3. Five dollars per mile of operated road by all companies whose gross earnings are less than fifteen hundred dollars per mile per annum.

4. Two per centum of the gross earnings of all railroads which are operated upon pile or pontoon, or pontoon bridges, which gross earnings shall be returned as to such parts thereof as are within the state.

One-half of such license fee shall be paid at the time the license so issued, and one-half on or before the tenth day of August in each year.

FORFEITURE FOR NEGLECT TO OBTAIN LICENSE AND PAY FEE.

SECTION 1214. If any such railroad company, or person operating any such railroad in this state, shall neglect to obtain such license, or pay the license fee therefor, or any part thereof, as hereinbefore provided, such company or person shall absolutely forfeit to the state the sum of ten thousand dollars, to be recovered in an action brought in the name of the state; and such neglect shall also be a cause of forfeiture of all the rights, privileges and franchises, whether granted by special charter or obtained under general laws by or under which any such railroad is operated. And the attorney general, upon such neglect, shall collect by action the pecuniary forfeiture herein imposed, and also proceed to have forfeiture of such rights, privileges and franchises duly declared. Any such company or person, at any time before the final judgment of forfeiture of such rights, privileges and franchises is rendered, may be permitted to make the return and pay the license fee herein provided for, upon special application to the court in which the action to declare such forfeiture is pending, upon such terms as the court shall direct.

SECTION 1795. The railroad commissioner shall, on or before the tenth day of February in each year, ascertain and return to the state treasurer the following:

General Report.

1. The actual cost of each railroad in the state up to and including the thirty-first day of the next preceding December; and if such railroads shall be partly in and partly out of this state, then the actual cost of so much thereof as is in this state.

2. The total gross receipts resulting from the operation of every such railroad during the next preceding year, ending on the thirty-first day of December, or of that part of the same which is in this state.

3. The total net earnings resulting from the operation of any such railroad during the next preceding year, ending on the thirty-first day of December, or of that part of the same which is in this state.

4. The total interest bearing indebtedness of the corporation owning or operating such railroad, and the amount of interest paid by such corporation during the next preceding year, ending on the thirty-first day of December; and if any part of such indebtedness has been incurred in consequence of the construction, maintenance, repair, renewal or operation of any part of such railroad which is not in this state, or for equipment of such part, such railroad commissioner shall ascertain and determine, in such manner as he shall think just and equitable, how much of its indebtedness is justly chargeable to that part of said railroad that is in this state, and how much interest shall have been paid by such corporation, during such year ending on the thirty-first day of the next preceding December, on that part of such indebtedness which is justly chargeable to that part of said railroad that is in this state. The president or managing officer of every railroad corporation, and every other person operating any railroad in this state, shall annually, in the month of January, make such reports and returns to such commissioner, verified by the oath of such officer or person as shall afford the information aforesaid, and as he shall require, and at other times prescribed by him, such other reports and returns, verified as aforesaid, concerning such railroads, their business affairs and management, as he shall require; and for such purpose he may prescribe blank forms, which shall be provided by the secretary of state. Every railroad corporation, company or person operating a railroad, who shall fail to make any such report within the time prescribed therefor, shall forfeit one hundred dollars for each and every day the same shall be delayed.

General Report.

TAXATION OF SLEEPING CAR COMPANIES.

SECTION 1222b. (Ch. 353, laws 1883.) No owners, whether corporate or otherwise, of palace cars, drawing room cars or sleeping cars, except railway companies operating railways within this state, shall have a right to use or charge or collect fare or compensation for the use of any such car within this state until such owner shall have procured from the state treasurer a license to use such cars within this state as hereinafter provided.

2. Every such owner of the cars mentioned in section 1, except railway companies as aforesaid, shall, on or before the tenth day of February in each year, make and return to the railroad commissioner a true statement of the gross earnings made by the use of such cars, between points within the state of Wisconsin during the preceding calendar year; which statement shall be verified by such owner or by some officer or agent having official knowledge of the facts.

3. Every such owner shall on returning the statement provided for by section 2, of this act, apply to the state treasurer for a license to use the said cars upon the railroads operated in this state, and to charge and collect fares or compensation for the use thereof, and shall pay to the state treasurer for such license, the fee provided in the next section, and upon such payment the state treasurer shall issue to such owner a license to use such cars, and charge fare or compensation for such uses as aforesaid.

4. (As amended by ch. 415, laws 1885). The annual license fee to be paid by such owner, as aforesaid, shall be four (4) per centum of the earnings reported, as required by section 2, hereof; the amount of such license fee to be computed by the railroad commissioner, and by him certified to the state treasurer.

5. The report required by section 2, hereof, shall be in such form and shall embrace such details as shall be prescribed by the railroad commissioner.

6. The said license fee shall be paid one-half at the time such license is applied for, and one-half on or before the tenth day of August in each year; and if any such owner shall neglect or refuse to make any report required by this act, and to pay for such license, then such owner shall, so long as such neglect or refusal shall continue, have no right to use said cars as aforesaid, in this state, and charge and collect fare or compensation for such use, and any such use by any such owner, in violation of the provisions of this act, may be restrained by injunction at the suit of the attorney general, in any court of competent jurisdiction.

General Report.

ACCIDENTS.

A condensed table of accidents is herewith attached. A detailed statement will be found in its appropriate place, upon the pages of this report.

ACCIDENTS FOR YEAR ENDING JUNE 30, 1891.

Total.....	179	511

A glance at the foregoing tables will show that during the year ending June 30th, 1891, 3 passengers were killed

General Report.

and 51 injured. For the year ending June 30th, 1891, 8 passengers were killed and 45 injured. For the same period of 1891, 9 trainmen were killed and 148 injured in coupling and uncoupling cars. For the year ending June 30, 1892, 7 were killed and 93 injured in the same occupation, making a total for the two years of 16 killed and 241 injured.

This slaughter, mangling and maiming of so many of our fellow citizens, in a single occupation, calls for and demands action by congress, requiring the use of automatic couplers.

The president of the United States, in his annual message to congress, Dec. 10th, 1891, speaks as follows:

PROTECTION FOR RAILROAD EMPLOYEES.

"I have twice before urgently called the attention of congress to the necessity of legislation for the protection of the lives of railroad employees, but nothing has been done. During the year ending June 30th, 1890, 369 brakemen were killed and 7,841 maimed while engaged in coupling cars. The total number of railroad employees killed during the year was 2,451, and the number injured 22,890. This is a cruel and largely a needless sacrifice. The government is spending nearly \$1,000,000 annually to save the lives of shipwrecked seamen. Every steam vessel is rigidly inspected and required to adopt the most approved safety appliances. All this is good; but how shall we excuse the lack of interest and the effort in behalf of this army of brave young men, who in our land are being sacrificed every year by the continued use of antiquated and dangerous appliances. A law requiring of every railroad the equipment of its freight cars with automatic couplers and air brakes would very soon, and greatly reduce the fearful death rate among railroad employees."

This is a matter of such grave importance that it is hoped that the legislature will memorialize congress to take speedy action compelling the railroads of the country to adopt and put into general use these safety appliances.

COMPLAINTS.

Few complaints have been made, but when well founded, have received the consideration and attention of the proper officers of the railway companies, and have been amicably

General Report.

adjusted. In no instance has it been necessary for the attorney general to commence action.

INSPECTION OF ROADS.

An inspection, so far as can be made by riding over the roads, has been made by me, of nearly all the roads within the state. The road bed and equipment, notably on the great through routes, are equal to any in the country, and are in superb condition. The rapid time made and the few accidents, attest the condition of the roads and the care taken in their management. The policy of the roads seems to be to make their improvements of a lasting and permanent character. New and larger stone culverts, and iron in place of wooden bridges, are constantly being built.

PAYMENT OF LICENSE FEE, OR TAX.

Sections 1211 and 1212, Ch. 87, laws of Wisconsin, provides that each railroad company operating a road, shall, on or before the 10th day of February, in each year, make and return to the state treasurer, a true statement of gross earnings of their respective roads for the preceding calendar year, etc., etc., and that each of such railroad companies, and each person so operating any railroad, shall, on returning such statement, apply for a license to operate the railroad mentioned in such statement, etc., etc.

The *fiscal* year of nearly all the railroads in the state ends on June 30th, and I would suggest an amendment to the present law, that license or tax be hereafter payable in September and March of each year, instead of February and August.

CONCLUSION.

In conclusion, I desire to acknowledge the promptness of the auditors of the railroad companies in making their reports to this office, and to the officers of the railroad companies in responding to all inquiries for information, and of the uniform courtesy I have received from them.

Respectfully submitted,

THOMAS THOMPSON,

Railroad Commissioner.
